

Listing of Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

Please cancel claims 1-65 without prejudice or disclaimer.

Please add the following new claims:

66. (New) A semiconductor device comprising:

a semiconductor chip;

first and second radiation members thermally and electrically connected to the semiconductor chip interposed therebetween, and having a radiation surface for radiating heat from the semiconductor chip, wherein a portion of each of the first and second radiation members is exposed from a resin; and

a bonding member respectively interposed between the first radiation member and the semiconductor chip and between the semiconductor chip and the second radiation member.

67. (New) The semiconductor device of claim 66, wherein the first and second radiation members are made of metallic material that is superior to tungsten and molybdenum in at least one of an electrical conductivity and a thermal conductivity.
